In those cases where negotiation of contract activities are necessary, Clark County reserves the right to limit the period of negotiation to sixty (60) days after which time funds may be unencumbered.

CONFIDENTIALLY - Proposer shall comply with all applicable state and federal laws governing the confidentiality of information.

456 Deferred Compensation Administrator Questionnaire

RESPONDING TO THE QUESTIONNAIRE

Responses are to be kept clear and concise. Questions that are marked with a (Yes/No) response require an explanation only if requested. If no explanation is requested, these questions will be recorded as a Yes/No response, and no consideration will be given to an explanation. For questions that do request an explanation, please be succinct in your response and limit any description to the primary and most important aspects related to the specific question/request.

In some cases, the questions include a table that requires completion. Proposing Firms may create their own table that replicates the table in the RFP document, though it should not take up any more space in the RFP response than the sample table. Reprint each question/request such that it precedes your written response. For the items that request responses to multiple questions, separately space or separately bullet the responses to each question. There are also questions in the RFP Questionnaire that require a description and/or samples to be provided in a separate Proposing Firm Exhibit Folder. Please pay particular attention to these questions and provide the requested information in a separate Exhibit Folder accordingly. Do not include any exhibits that were not specifically requested in the RFP.
